

THE DEVON GIN GUIDE

@DEVONGINGUIDE

Devon has a rich landscape of moors, coasts, woodland and farmland. It ranges from the high tors and moors of Dartmoor and Exmoor to the wild, rugged north coast and the sandy coves of the south coast. In between there are rolling hills, deep wooded valleys, farms, rural communities and ancient woodlands.

Famed for its cream teas and pasties, it has a delicious variety of food and drink producers.

Devon has a number of distilleries across the county that reflect these differing landscapes, flora and fauna. 16 gin distilleries have come together to showcase their products through the Devon Gin Guide. The collective want to share with you the best gins Devon has to offer.
